

# Visualization of Community Survey Results

## Survey Totals:

848 responses

## Responses by Race:

# and percentage (of those who answered the question) of respondents who described themselves as belonging to one or more of these broad aggregate categories of racial/ethnic/cultural identity:

White	Black / African American	African	Latinx	Asian	Jewish	Native American/ Indigenous	Middle Eastern	Multiracial
452	100	35	167	26	13	23	5	66
59%	13.1%	4.6%	21.8%	3.4%	1.7%	3.0%	0.7%	8.6%

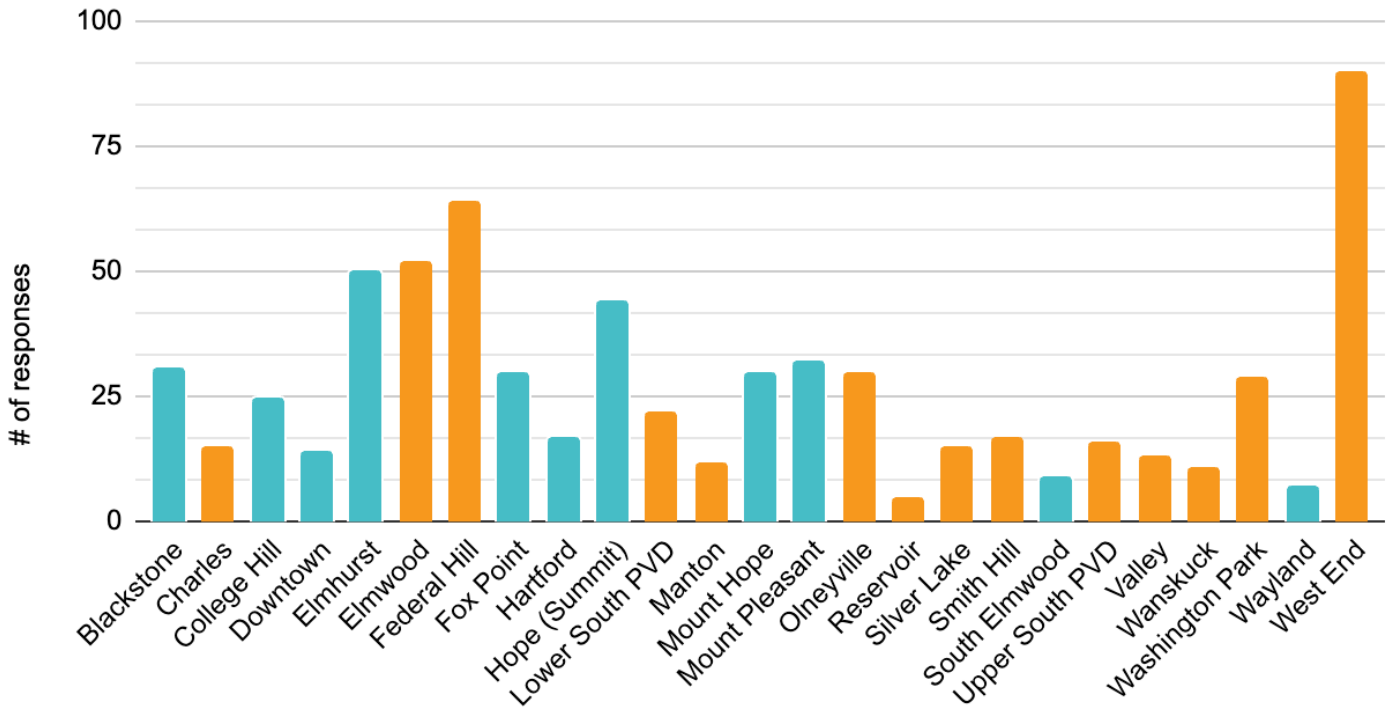

# / percentage of respondents who instead or also identified as something <i>other</i> than White/European	# / percentage of respondents who identified as White/European <i>only</i>
347	419
45.3%	54.7%

## Languages Spoken at Home:

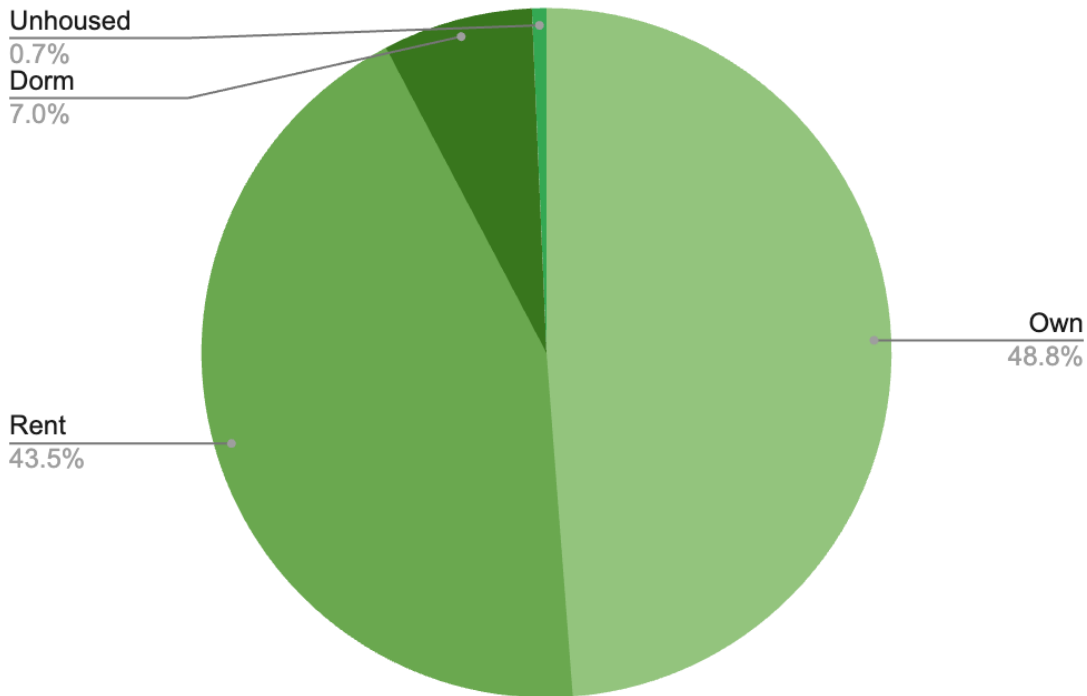

English	Spanish	Other
737	176	59
86.9%	20.8%	7.0%

## Responses by Neighborhood:

(High Priority/Low Canopy Neighborhoods in Orange)

## Responses by Housing Status:

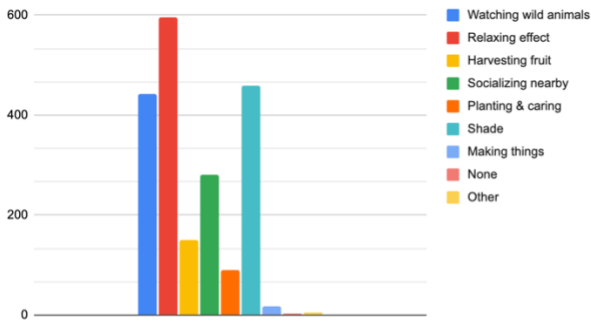

# Metrics for Analysis

For each of the six questions below, we graphed:

1. All responses
2. Responses by race
  - People of color vs. white only (white includes respondents who selected only white, only Jewish and white, only Jewish, or indicated European ancestry)
  - 82 respondents did not indicate race and are not included in this analysis
3. Responses by neighborhood
  - High priority vs. low priority neighborhoods
  - High priority = Charles, Elmwood, Federal Hill, Hartford, Lower South Providence, Manton, Olneyville, Reservoir, Silver Lake, Smith Hill, Upper South Providence, Valley, Wanskuck, Washington Park, West End
  - Low priority = Blackstone, College Hill, Downtown, Elmhurst, Fox Point, Hope (Summit), Mount Hope, Mount Pleasant, South Elmwood, Wayland
  - 119 respondents did not indicate neighborhood and are not included in this analysis
4. Responses by housing status
  - Rented vs. owned vs. dorm
  - 120 respondents did not indicate housing status and are not included in this analysis
